## Getting the Safe Visitor App

Putting the Safe Visitor App on your phone will save you a lot of time and effort when you visit schools within the HSE district. This applies to anyone with a background check, including HSE employees. (If you do not have a background check, you will continue to have to sign in with your driver's license each time you visit a building.)

All visitors to a building, even HSE employees need to sign in and having this app on your phone will make it much quicker and easier.

Go to the appropriate App Store. Type in SafeVisitor (no space) and follow the instructions.

Use the 5- or 6-digit code that prints out on a Safe Visitor Badge by the barcode.

This will save on your phone and all you have to do is pull up the app each time you visit a building. The secretary will scan the barcode and you should be good to go!
